SCOPE OF WORK TO BE PERFORMED**

GENERAL PURPOSE STATEMENT

The Grantee's scope of work to be performed for the State's Blueprint for Health during the grant period:

The Grantee will continue to conduct a rigorous and timely evaluation of the provider practice components of the State's Vermont Blueprint for Health (the Blueprint). Formative evaluation techniques will be used to assess activities currently underway to assist State staff and its contractors to make changes and enhancements to existing and planned Blueprint activities.

The Grantee's evaluation will measure the impact of the Blueprint on the quality of primary care in Vermont. The Grantee will assess the delivery of healthcare at participating practices, provider practice perceptions of evolving systems and resources, and patient experiences of care. The Grantee will study Community Health Teams (CHTs), Expansion Quality Improvement Program (EQuIP) Facilitators, and evaluate their influence on the culture of primary care. The Grantee will report practice, health service area, and state evaluation progress and outcomes as outlined below.

The Grantee will coordinate all evaluation activities with the State and its applicable subcontractors, soliciting feedback on data collection instruments and reports as appropriate. In addition, the Grantee's faculty and staff will support pertinent Blueprint project and evaluation planning.

SPECIFICATION OF WORK TO BE PERFORMED

Activities

Medical home evaluation using National Committee for Quality Assurance's (NCQA) Patient Centered Medical Home (PCMH): The Grantee will assess the systems practices use to organize, coordinate, and track patient care over time.

The Grantee will use the NCQA 2011 PCMH survey tool to measure and report patients' access to care, practices' tracking and registry functions, planning and care management, self-management support, performance monitoring and quality improvement activities. Additional Add-on surveys may be conducted using NCQA's PCMH and Physician Practice Connections – Patient Centered Medical Home (PPC®-PCMH™) survey tool. The State will provide practice site names to the Grantee at least four months prior to the scoring due date. The Grantee can score no more than seven sites in any given month¹ and no more than 12 sites in any given two month period. The total number of sites to be scored during the fiscal year is not to exceed 60².

Practices applying for NCQA PCMH recognition or the organizations to which they belong will be responsible for gathering and submitting application materials, the application and survey tool fees, and for multi-site determination and corresponding paperwork if applicable. It is also expected that practices will share appropriate documentation with the Grantee to facilitate survey completion and submission at least one month prior to scoring deadline.

The Grantee will share experiences, provide education, and coordinate efforts with Blueprint Project Managers and Practice Facilitators to maximize opportunities for shared learning and the evolution of Vermont's Learning Health System. The Grantee will provide technical assistance to Practice Facilitators interpreting NCQA feedback and developing expertise in PCMH Standards. The Grantee will be responsive to Facilitator questions;

¹ Two add-on surveys can be substituted for each full survey

² Approximately 25% of NCQA scoring activities are funded by a CHIPRA grant

providing weekly consultation through phone, email, and if applicable, a web-based communication and information-sharing tool (i.e., Basecamp) and attending facilitator meetings quarterly as needed. The Grantee will also develop a short series (approximately three) of recorded instructional sessions on NCQA scoring preparation to share with primary care practices.

Patient experience using Certified Vendor of the Consumer Assessment of Health Care Providers and Systems (CAHPS®) Patient Centered Medical Home (PCMH): the Grantee will gather patient and families' perceptions of their access to care, the comprehensiveness of care, communication and shared decision making with providers, self-management support, and office staff helpfulness and respect to evaluate patient experience of care at medical homes.

The Grantee will maintain its status as a CAHPS® PCMH vendor, a survey that provides consumers, purchasers and practices with information about a broad range of key consumer issues such as overall satisfaction, average wait times, physician availability, obstacles to receiving care, and parents' impressions of their children's care. Vendor certification will involve demonstrating its capabilities, experience, and expert personnel to accurately administer the survey and participating in required vendor trainings along with paying required training and certification fees.

The Grantee will work with the State's Blueprint Project Managers and Practice Facilitators in all of Vermont's Health Service Areas (HSAs) to recruit adult, family, and pediatric primary care practices interested in assessing their patients' experiences with care. The Grantee will work with up to 130 practices to gather appropriate practice and patient information (e.g., to determine eligibility for adult and child surveys, set correct parameters for patient lists, etc.) and will survey patients from these practices using the CAHPS PCMH 12-month survey protocol. Data will be gathered using CAHPS' mail and internet survey methods. Practices or the organizations to which they belong will be responsible for sharing appropriate patients lists and practice information with the Grantee and for completing the required NCQA application.

The Grantee will manage, analyze, and submit data to NCQA's National CAHPS®PCMH database on behalf of practices. The Grantee will pay required per-practice, per-sample submission fees and submit data to NCQA during its second 2013 submission period (still to be determined by NCQA CAHPS). The Grantee will submit a report on results to the State and will produce practice-specific reports comparing individual practices to their HSA and State peers.

Provider practice experience using multiple methods: the Grantee will measure the impact of Blueprint-related resources such as per-person, per-month payments (PPPMs), Community Health Teams (CHTs), Facilitators and process improvement strategies and learning opportunities, access to a statewide registry, and other HIT activities on practice culture and on the use of evidence-based, patient-centered, and team-based care from the perspectives of those working in primary care settings.

The Grantee will use a multi-method approach to evaluating provider practice experience of the Blueprint. This will include a statewide provider practice questionnaire to be completed by providers, nurses, and office staff at up to 150 practices, reviews of existing documents and databases (e.g., practice materials, reports from other internal and external evaluations, CHT planning and activity tracking, facilitator encounter tracking, practice questions and concerns catalogued by State staff using a structured questionnaire), observation (e.g. CHT meetings, practice-based team meetings, quality improvement activities), and discussions with relevant practice and project staff.

The Grantee will submit a report on results to the State. The State anticipates this work will be ongoing and provider practice perceptions of the Blueprint will be followed over time.

Facilitator encounter tracking: the Grantee will host a database of facilitator practice encounters, update data entry forms as needed (e.g., add new answer options resulting from commonly used terms in "other" categories or new practices that have joined the program), provide the State with raw data monthly, if desired, and will

summarize data twice during the fiscal year. Reports will track data over time. Facilitators will be responsible for entering information about encounters with practices. It will not be the Grantee's responsibility to ensure facilitators are reporting on all applicable encounters or to investigate the accuracy of their responses.

Pilot study of statewide registry health process and outcome data and concordance with electronic health record (EHR) data: the Grantee will analyze data supplied by Covisint DocSite and by provider practices or their affiliates to determine the concordance between Covisint DocSite and EHR-derived reports. The Grantee will examine data from up to 12 Covisint DocSite – practice dyads to determine what, if any, discrepancies exist between Covisint DocSite and practice EHRs. Outcomes will be shared with practices, their affiliates, and Covisint so that they may identify reasons for these discrepancies and make system changes to fix them. If needed, the Grantee will conduct a second analysis to determine if discrepancies have been rectified. Practices and Covisint will be responsible for providing matching, clean spreadsheets with descriptions of all fields to be analyzed (or, at a minimum, a data dictionary with clearly defined measures and answer options that allows the Grantee to determine congruity between fields included in the two spreadsheets) to the Grantee in a manner that meets all data security requirements at least one month before the Grantee's report due.

Secondary analysis: the Grantee's faculty and staff will work with the State to develop a model to analyze the impact of the Blueprint on provider practices across the state. This will include analysis and reporting plans for the medical home (NCQA PPC-PCMH/PCMH), patient experience (CAHPS PCMH), provider practice (multi-method approach), and facilitator data described above. The Grantee will meet with the State's Blueprint staff and its affiliates quarterly to plan, discuss progress, and determine next steps. Reports on the development of this model will be shared quarterly.

A Subrecipient is exempt if the Party expends less than \$500,000 in total federal assistance in one year.

Party also understands the State may set off taxes (and related penalties, interest and fees) due to the State of Vermont, but only if the Party has failed to make an appeal within the time allowed by law, or an appeal has been taken and finally determined and the Party has no further legal recourse to contest the amounts due.

Uses and disclosures of PHI for the purposes identified in this Section 3 must be of the minimum amount of PHI necessary to accomplish such purposes.

4. **Safeguards.** Business Associate shall implement and use appropriate safeguards to prevent the use or disclosure of PHI other than as provided for by this Agreement. With respect to any PHI that is maintained in or transmitted by electronic media, Business Associate shall comply with 45 CFR sections 164.308 (administrative safeguards), 164.310 (physical safeguards), 164.312 (technical safeguards) and 164.316 (policies and procedures and documentation requirements). Business Associate shall identify in writing upon request from Covered Entity all of the safeguards that it uses to prevent impermissible uses or disclosures of PHI.

5. **Documenting and Reporting Breaches.**

5.1 Business Associate shall report to Covered Entity any Breach of Unsecured PHI as soon as it (or any of its employees or agents) becomes aware of any such Breach, and in no case later than three (3) business days after it (or any of its employees or agents) becomes aware of the Breach, except when a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security.

5.2 Business Associate shall provide Covered Entity with the names of the individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of the Breach and any other available information that is required to be given to the affected individuals, as set forth in 45 CFR §164.404(c), and, if requested by Covered Entity, information necessary for Covered Entity to investigate the impermissible use or disclosure. Business Associate shall continue to provide to Covered Entity information concerning the Breach as it becomes available to it.

5.3 When Business Associate determines that an impermissible acquisition, use or disclosure of PHI by a member of its workforce does not pose a significant risk of harm to the affected individual(s), it shall document its assessment of risk. Such assessment shall include: 1) the name of the person(s) making the assessment, 2) a brief summary of the facts, and 3) a brief statement of the reasons supporting the determination of low risk of harm. When requested by Covered Entity, Business Associate shall make its risk assessments available to Covered Entity.

6. **Mitigation and Corrective Action.** Business Associate shall mitigate, to the extent practicable, any harmful effect that is known to it of an impermissible use or disclosure of PHI, even if the impermissible use or disclosure does not constitute a Breach. Business Associate shall draft and carry out a plan of corrective action to address any incident of impermissible use or disclosure of PHI. If requested by Covered Entity, Business Associate shall make its mitigation and corrective action plans available to Covered Entity.

7. **Providing Notice of Breaches.**

7.1 If Covered Entity determines that an impermissible acquisition, access, use or disclosure of PHI for which one of Business Associate's employees or agents was responsible constitutes a Breach as defined in 45 CFR §164.402, and if requested by Covered Entity, Business Associate shall provide notice to the individuals whose PHI has been the subject of the Breach. When requested to provide notice, Business Associate shall consult with Covered Entity about the timeliness, content and method of notice, and shall receive Covered Entity's approval concerning these elements. The cost

of notice and related remedies shall be borne by Business Associate.

7.2 The notice to affected individuals shall be provided as soon as reasonably possible and in no case later than 60 calendar days after Business Associate reported the Breach to Covered Entity.

7.3 The notice to affected individuals shall be written in plain language and shall include, to the extent possible, 1) a brief description of what happened, 2) a description of the types of Unsecured PHI that were involved in the Breach, 3) any steps individuals can take to protect themselves from potential harm resulting from the Breach, 4) a brief description of what the Business Associate is doing to investigate the Breach, to mitigate harm to individuals and to protect against further Breaches, and 5) contact procedures for individuals to ask questions or obtain additional information, as set forth in 45 CFR §164.404(c).

7.4 Business Associate shall notify individuals of Breaches as specified in 45 CFR §164.404(d) (methods of individual notice). In addition, when a Breach involves more than 500 residents of Vermont, Business Associate shall, if requested by Covered Entity, notify prominent media outlets serving Vermont, following the requirements set forth in 45 CFR §164.406.

8. **Agreements by Third Parties.** Business Associate shall ensure that any agent (including a subcontractor) to whom it provides PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity agrees in a written agreement to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such PHI. For example, the written agreement must include those restrictions and conditions set forth in Section 14. Business Associate must enter into the written agreement before any use or disclosure of PHI by such agent. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon request. Business Associate may not make any disclosure of PHI to any agent without the prior written consent of Covered Entity.

9. **Access to PHI.** Business Associate shall provide access to PHI in a Designated Record Set to Covered Entity or as directed by Covered Entity to an Individual to meet the requirements under 45 CFR 164.524. Business Associate shall provide such access in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for access to PHI that Business Associate directly receives from an Individual.

10. **Amendment of PHI.** Business Associate shall make any amendments to PHI in a Designated Record Set that Covered Entity directs or agrees to pursuant to 45 CFR 164.526, whether at the request of Covered Entity or an Individual. Business Associate shall make such amendments in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for amendment to PHI that Business Associate directly receives from an Individual.

11. **Accounting of Disclosures.** Business Associate shall document disclosures of PHI and all information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 CFR 164.528. Business Associate shall provide such information to Covered Entity or as directed by Covered Entity to an Individual, to permit Covered Entity to respond to an accounting request. Business Associate shall provide such information in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any accounting request that Business Associate

directly receives from an Individual.

12. Books and Records. Subject to the attorney-client and other applicable legal privileges, Business Associate shall make its internal practices, books, and records (including policies and procedures and PHI) relating to the use and disclosure of PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity available to the Secretary in the time and manner designated by the Secretary. Business Associate shall make the same information available to Covered Entity, upon Covered Entity's request, in the time and manner reasonably designated by Covered Entity so that Covered Entity may determine whether Business Associate is in compliance with this Agreement.

13. Termination.

13.1 This Agreement commences on the Effective Date and shall remain in effect until terminated by Covered Entity or until all of the PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity is destroyed or returned to Covered Entity subject to Section 17.7.

13.2 If Business Associate breaches any material term of this Agreement, Covered Entity may either: (a) provide an opportunity for Business Associate to cure the breach and Covered Entity may terminate the grant without liability or penalty if Business Associate does not cure the breach within the time specified by Covered Entity; or (b) immediately terminate the grant without liability or penalty if Covered Entity believes that cure is not reasonably possible; or (c) if neither termination nor cure are feasible, Covered Entity shall report the breach to the Secretary. Covered Entity has the right to seek to cure any breach by Business Associate and this right, regardless of whether Covered Entity cures such breach, does not lessen any right or remedy available to Covered Entity at law, in equity, or under the grant or letter of agreement, nor does it lessen Business Associate's responsibility for such breach or its duty to cure such breach.

14. Return/Destruction of PHI.

14.1 Business Associate in connection with the expiration or termination of the grant or letter of agreement shall return or destroy, at the discretion of the Covered Entity, all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity pursuant to this grant or letter of agreement that Business Associate still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. Business Associate shall not retain any copies of the PHI. Business Associate shall certify in writing for Covered Entity (1) when all PHI has been returned or destroyed and (2) that Business Associate does not continue to maintain any PHI. Business Associate is to provide this certification during this thirty (30) day period.

14.2 Business Associate shall provide to Covered Entity notification of any conditions that Business Associate believes make the return or destruction of PHI infeasible. If Covered Entity agrees that return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible for so long as Business Associate maintains such PHI.

15. Penalties and Training. Business Associate understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of PHI and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure

organizations. If requested by Covered Entity, Business Associate shall participate in training regarding the use, confidentiality, and security of PHI.

16. Security Rule Obligations. The following provisions of this section apply to the extent that Business Associate creates, receives, maintains or transmits Electronic PHI on behalf of Covered Entity.

16.1 Business Associate shall implement and use administrative, physical, and technical safeguards in compliance with 45 CFR sections 164.308, 164.310, and 164.312 with respect to the Electronic PHI that it creates, receives, maintains or transmits on behalf of Covered Entity. Business Associate shall identify in writing upon request from Covered Entity all of the safeguards that it uses to protect such Electronic PHI.

6.2 Business Associate shall ensure that any agent (including a subcontractor) to whom it provides Electronic PHI agrees in a written agreement to implement and use administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity and Availability of the Electronic PHI. Business Associate must enter into this written agreement before any use or disclosure of Electronic PHI by such agent. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of Electronic PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon request. Business Associate may not make any disclosure of Electronic PHI to any agent without the prior written consent of Covered Entity.

16.3 Business Associate shall report in writing to Covered Entity any Security Incident pertaining to such Electronic PHI (whether involving Business Associate or an agent, including a subcontractor). Business Associate shall provide this written report as soon as it becomes aware of any such Security Incident, and in no case later than three (3) business days after it becomes aware of the incident. Business Associate shall provide Covered Entity with the information necessary for Covered Entity to investigate any such Security Incident.

16.4 Business Associate shall comply with any reasonable policies and procedures Covered Entity implements to obtain compliance under the Security Rule.

17. Miscellaneous.

17.1 In the event of any conflict or inconsistency between the terms of this Agreement and the terms of the grant, the terms of this Agreement shall govern with respect to its subject matter. Otherwise, the terms of the grant or letter of agreement continue in effect.

17.2 Business Associate shall cooperate with Covered Entity to amend this Agreement from time to time as is necessary for Covered Entity to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA.

17.3 Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.

17.4 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule and Security Rule) in construing the meaning and effect of this Agreement.

17.5 As between Business Associate and Covered Entity, Covered Entity owns all PHI provided

by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity.

17.6 Business Associate shall abide by the terms and conditions of this Agreement with respect to all PHI it receives from Covered Entity or creates or receives on behalf of Covered Entity even if some of that information relates to specific services for which Business Associate may not be a "Business Associate" of Covered Entity under the Privacy Rule.

17.7 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity determines that it would be infeasible for Business Associate to return or destroy PHI as provided in Section 14.2 and (b) the obligation of Business Associate to provide an accounting of disclosures as set forth in Section 11 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
